## ATV Bidding Specifications

### 1.0 INTENT

It is the intent of this specification to provide for the purchase of two (2) new 2 seat ATV and (one) 1 new 4 seat unused ATV. The Nebraska State Fair has evaluated different models of ATV equipment and has determined that this specification is best suited for the Nebraska State Fair needs in terms of quality and features. This specification shall not be interpreted as restrictive but rather as a measure of quality and performance against which all other ATV's will be compared. In comparing proposals, comparison will not be confined to price only. The successful proposer will be one whose product is judged as best serving the interests of the Nebraska State Fair when price, product, quality and delivery are considered. The Nebraska State Fair also reserves the right to reject any or all proposals or any part thereof, and to waive any minor technicalities. A contract will be awarded to the proposer submitting the lowest responsible proposal meeting the requirements.

### 2.0 EQUIVALENT PRODUCT

Proposals will be accepted for consideration on any make or model that is equal or superior to the attached specifications. Decisions of equivalency will be at the sole interpretation of the Nebraska State Fair. A blanket statement that equipment proposed will meet all requirements will not be sufficient to establish equivalence. An original manufacturer's brochure of the proposed product is to be submitted with proposal.

### 3.0 INTERPRETATIONS

In order to be fair to all proposers, no oral interpretations will be given to any proposer, as to the meaning of the specification documents or any part thereof. Every request for such a consideration shall be made in writing. Based on such inquiry, the Nebraska State Fair may choose to issue an addendum in accordance with local state laws.

### 4.0 GENERAL

The specification herein states the minimum requirements of the Nebraska State Fair. All proposals must be regular in every respect. Unauthorized conditions, limitations, or provisions shall be cause for rejection. The Nebraska State Fair will consider as irregular or non-responsive any and all proposals that are not prepared and submitted in accordance with the proposal document and specification, or any proposal lacking sufficient technical literature to enable the Nebraska State Fair to make a reasonable determination of compliance to the specification. It shall be the proposer's responsibility to carefully examine each item of the specification. Failure to offer a completed proposal or failure to respond to each section of the technical specification (COMPLY: YES NO) will cause the proposal to be rejected without review as non-responsive. All variances, exceptions and/or deviations shall be fully described in the appropriate section. Deceit in responding to the specification will be cause for rejection. The Nebraska State fair is a tax-exempt organization, so no sales tax will be charged in the current bid.
