# Request for Bid

The Nebraska State Fair is requesting proposals for one (1) Rubber Tire Skid Steer. Sealed proposals will be received by the Nebraska State Fair at 501 East Fonner Park Road, Grand Island Nebraska, 68801 for the purpose of evaluating costs and operating parameters on a new Rubber Tire Skid Steer. Upon completion of the evaluation by the selection committee an order may be placed. Proposals will be received until 2:00 P.M. Central Standard Time on March 12<sup>th</sup>, 2021.

### **Nebraska State Fair Rights**

The Nebraska State Fair reserves the right to cancel this RFP in writing or postpone the date and time for submitting proposals at any time prior to the proposal due date. The Nebraska State Fair by this RFP does not promise to accept the lowest cost or any other proposal and specifically reserves the right to reject any or all proposals, to waive any formal proposal requirements, to investigate the qualifications and experience of any Proposer, to reject any provisions in any proposal, to modify RFP contents, to obtain new proposals, to negotiate the requested services and contract terms with any Proposer, or to proceed to do the work otherwise.

The Nebraska State Fair reserves the right to accept or reject any and all proposals that is in the best interest of the Nebraska State Fair. All questions and inquiries will be addressed to:

Scott Yound

Nebraska State Fair

# GENERAL SPECIFICATIONS

**MODEL:** Unit shall be a new model.

**WARRANTY:** Shall be stated in writing on the form provided.

**DELIVERY:** Proposer must perform a complete pre-delivery service prior to delivery of equipment. All units are F.O.B. Nebraska State Fair shop located at 311 State Fair Boulevard.

**TRAINING:** Upon delivery to end-user Proposer will provide instruction to operators on proper operation and daily maintenance.

**MANUALS:** One (1) Complete Service Manual, CD or Printed. One (1) Complete Parts Manual, CD or Printed. One (1) Operator's Manual. Safety and/or Training video's if available.

Preference may be given to Proposer who has a local dealer with a reasonable amount of parts inventory for the unit that has been proposal and a complete service facility. On new models or equipment not previously purchased by the Nebraska State Fair, the selection committee may elect to have a demonstration of the models being considered.

## **Skid Steer Bidding Specifications**

**1.0 INTENT** It is the intent of this specification to provide for the purchase of one (1) new and unused Rubber Tire Skid Steer for the General use at the Nebraska State Fair.

The Nebraska State Fair has evaluated different models of Skid steer equipment and has determined that this specification is best suited for the Nebraska State Fairs needs in terms of quality and features. This specification shall not be interpreted as restrictive but rather as a measure of quality and performance against which all other Skid steers will be compared.

In comparing proposals, comparison will not be confined to price only. The successful proposer will be one whose product is judged as best serving the interests of the Nebraska State Fair when price, product, quality and delivery are considered. The Nebraska State fair also reserves the right to reject any or all proposals or any part thereof, and to waive any minor technicalities. A contract will be awarded to the proposer submitting the best responsible proposal meeting the requirements.

**2.0 EQUIVALENT PRODUCT** Proposals will be accepted for consideration on any make or model that is equal or superior to the attached specifications. Decisions of equivalency will be at the sole interpretation of the Nebraska State Fair. A blanket statement that equipment proposed will meet all requirements will not be sufficient to establish equivalence. An original manufacturer's brochure of the proposed product is to be submitted with proposal.

**3.0 INTERPRETATIONS** In order to be fair to all proposers, no oral interpretations will be given to any proposer, as to the meaning of the specification documents or any part thereof. Every request for such a consideration shall be made in writing. Based on such inquiry, the Nebraska State Fair may choose to issue an addendum in accordance with local state laws.

**4.0 GENERAL** The specification herein states the minimum requirements of the Nebraska State Fair. All proposals must be regular in every respect. Unauthorized conditions, limitations, or provisions shall be cause for rejection. The Nebraska State Fair will consider as irregular or non-responsive any and all proposals that are not prepared and submitted in accordance with the proposal document and specification, or any proposal lacking sufficient technical literature to enable the Nebraska State Fair to make a reasonable determination of compliance to the specification. It shall be the proposer's responsibility to carefully examine each item of the specification. Failure to offer a completed proposal or failure to respond to each section of the technical specification (COMPLY: YES NO) will cause the proposal to be rejected without review as non- responsive. All variances, exceptions and/or deviations shall be fully described in the appropriate section. Deceit in responding to the specification will be cause for rejection.

**5.0 SPECIFICATIONS**

**General**

Yes No

- 1. Turbocharged, liquid cooled 4-cylinder diesel.
- 2. Minimum 55 net HP.
- 3. Machine operating weight shall be a minimum weight of 6,500.
