AMERICAN ANGUS ASSOCIATION PARTICIPATION STATEMENT

The American Angus Association, 3201 Frederick Avenue, St. Joseph, Missouri, will participate in premiums offered for open class Angus breeding cattle classes according to the premium schedule based on the number of head shown. The premium assistance provided by the American Angus Association for participation in this show is in addition to the premiums offered by the show itself. The premium assistance should not be used to offset show expense and shall be included in the premium payments distributed by the show to the exhibitors.

A minimum of 50 head must be shown in the open class division to receive American Angus Association premium participation for the following year.

Premiums from the Association are paid only to registered Angus cattle and only if the registration number is a part of the show report provided to the Association. Exhibitors must have the original registration certificate issued by the American Angus Association available for inspection at the show for each animal or another current proof of ownership issued by the American Angus Association Pedigree look up. Any animal, upon check-in, which does not have a legible permanent identification mark (ear tattoo marks, freeze-branded marks or hot-branded marks) corresponding to the permanent identification mark on the registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be re-identified (tattooed/branded) and rechecked at the show.
Any female shown with calf at side: the calf must be the cow's most recent natural calf, and the calf must be registered by show day and have proof of registration at check in.

Only one person at a time shall lead an animal into the show ring.

Exhibitors who participate in shows that accept premium monies contributed by the American Angus Association are subject to the Association Rules as found in the Breeders Reference Guide of the Association. These rules are found in Part 2; Association Rules. The rules relating directly with the exhibition of Angus cattle are Part 2: Association Rules; Rule 800 Series; including Rule 800 - 810. These rules can be found at www.angus.org.

Altering the conformation and/or appearance of an animal for exhibition is prohibited. This includes the covering of white skin, false tail heads (or use of any false hair), with the exception of false tail switches. The use of graphite, powders, hemp or other similar substances used externally are also prohibited. Other prohibited products include those used internally such as steroids, illegal or unlicensed pharmaceuticals or artificial filling. Any animal found to be in violation will be barred from showing.

At any show for which the American Angus Association appropriates funds toward the payment of premiums, no exhibitors, individuals assisting exhibitors or member owners at such show shall be allowed to use any coloring agents, on any animal exhibited. The Association may adopt and implement various tests designed to monitor this prohibition, including but not limited to a "white towel" or "white glove" test. No aerosol cans or other pressurized containers will be allowed in designated make up areas.

Authorized representatives of the Association have the authority to enforce the rules set forth herein as well as in the Association Rules, including the barring of a registered animal from a livestock show at which it is to be shown, if there are reasonable grounds to believe a violation has occurred.

Only registered Angus cattle that meet the age requirements listed within this classification are eligible to receive premium participation and be counted in the total number of head shown — Champion and Reserve Champion placings are not counted in number of head shown.

SPECIAL RULES

All animals to be eligible for an Open Charolais Breeding Class must be purebred and registered with the American-International Charolais Association (AICA). Only bona fide (original) certificates of registration will be accepted as evidence of registration and ownership; NO PHOTOCOPIES.

An animal is eligible to enter or compete in an open Charolais breeding class if registered in country of origin outside the United States and is eligible for purebred registry in the AICA Herdbook.

Animals registered in the AICA Colored Division Registry (QF and QM initialed registration numbers) must meet the parameters of the AICA Color Card.

All animals to be eligible may be approved by a sifting committee designated by the AICA. Stall space will not be provided for any Charolais cattle that have not been accepted by the sifting committee.
All animals are subject to a medical examination in order to determine age, and each animal will be present in the show ring in its natural conformation without alteration or modification. Use of artificial tailheads is not permitted.

Any animal not having a legible tattoo or firebrand number is ineligible and will be barred from showing.

Bulls from classes 234, 236, 238, 240, and 242 must have a valid, satisfactory semen test certificate in possession. This certificate is valid for the entire show season.

All animals shown in individual classes must be weaned, with the exception of the Cow-Calf Class and calves at the side of females calved after September 1, 2017. Calves at side must be purebred and registered with the AICA. Females calved after September 1, 2017, must show in individual female class appropriate to age. Nurse cows are not permitted.

All females 20 months and older exhibited at AICA sanctioned shows must be accompanied by a certificate of pregnancy from a licensed veterinarian or have produced fertile eggs as certified in a written statement by a licensed veterinarian or embryologist or have a calf at side.

THE INSPECTION OF EXHIBIT CATTLE IS SPECIFIED IN ARTICLE XV, PARAGRAPH C, OF THE ASSOCIATION RULES AND REGULATIONS, AND NON-COMPLIANCE OF EXHIBIT INSPECTION IS SPECIFIED IN PARAGRAPH D OF THE SAME ARTICLE XV.

ARTICLE XV, PARAGRAPH B, POINT 2: “Each animal will be presented in its natural conformation and structure without alteration or modification. Alteration or modification shall be defined to include any surgical, chemical, electrical or other (including banding or other circulatory constriction) appearance change for cosmetic purpose, save only branding, tattooing, foot trimming or dehorning. The act of artificially filling animals internally, which would include stomach pumping, drench tubes, or any other method per os (by esophagus) is prohibited. Silicone injection or other injection for cosmetic purpose shall be prohibited. Anabolic steroid use shall likewise be prohibited and any animal testing positive for anabolic steroid or diuretic use shall be presumed to be altered and modified.”

Effective October 22, 2004, at any American-International Charolais Association (AICA) sanctioned show (including shows receiving AICA premium funding and/or qualifying as a Roll of Excellence Show), the use of a coloring agent, flock, and powder is prohibited. MEDAL OF EXCELLENCE

North American Limousin Foundation
Standard Rules & Regulations for the Exhibition of Limousin and Lim-Flex Cattle
Level II

1. Animals must be registered with the North American Limousin Foundation (NALF).
2. All cattle shown including calves at the side of the dam must be:
   A. 75% Limousin (NALF percentage, not actual) or greater as indicated on orange NALF registration certificates.
   OR
   B. Purple-papered Lim-Flex cattle as indicated by NALF registration certificates.
   Percentage, fullblood, purebred and Lim-Flex cattle will compete in the same classes and championships.
3. If a show does not abide by the NALF MOE show rules exhibitors will not be awarded points for that show.
4. Animals must be properly tattooed and will be inspected at the show. Tattoos must be legible and match the registration certificates. If an animal’s tattoo is not legible or cannot be read upon initial processing, it will be ineligible to show and not be allowed to return with a new or corrected tattoo.

5. To maintain a high degree of confidence in Limousin shows, NALF reserves the right to disqualify any animal that has been fitted in an unethical manner. Unethical fitting shall include the following:
   a) Any use of paints, colored show foam, graphite, colored powders or other substances; animals may be subject to a white-towel test;
   b) The addition of any hair or hair like substances, including false tail heads and false polls (false tail switches are allowed);
   c) The cutting, tearing or gluing of the hide or underneath the hide or removal of tissue in an attempt to alter the shape of the animal or the injection of any gas, solid or liquid under the hide to alter the normal conformation;
   d) Any products, solutions or liquids administered internally or externally to alter the conformation of the animal is prohibited. That includes the use of steroids, growth stimulants and the act of artificially filling animals internally, which would include stomach pumping, drench tubes or any other method.

EXCEPTION: In the case of severely sick or dehydrated animals, the exhibitor may have fluids or electrolytes administered by the licensed official show veterinarian with the approval of the show superintendent or a NALF representative. That exception is not applicable on show day or weigh-in/check-in day.

6. Bulls older than one (1) year must show with a nose lead. The Limousin show superintendent and the show management reserve the right to disqualify animals deemed unmanageable.

7. Protests against exhibitors, individual animals or fitting violations must be submitted in writing, signed by five (5) active members of the NALF and presented to the show superintendent within 12 hours of the show’s completion.

8. NALF reserves the right to mouth animals for dental development.

9. NALF reserves the right to collect hair samples from any animal.

10. Class size shall be to the discretion of the show superintendent and may not contain more than 20 head. The given classes may be split or combined only within their given division.

11. Calves exhibited alongside dams in the cow-calf division are eligible to show as individuals if an entry fee is paid at the time the cow is entered. This is only a Nebraska rule exception and the calf will not be eligible for MOE points.

12. Animals shown must be solid red or black above the flanks, excluding birth marks.

OTHER REQUIREMENTS

The following performance-data-submission requirements must be met by December 1 to receive Medal of Excellence points.

   a. Birth weight (Bulls and Heifers)
   b. Weaning weight (Bulls and Heifers)
   c. Yearling weight (Bulls and Heifers)
   d. Yearling scrotal circumference
   e. Pregnancy test (females older than 600 days at season’s end)
   f. Breeding Soundness Exam and semen test (Bulls older than 400 days)

NOTE: Failure to have performance data on file at NALF by the deadline will result in disqualification from the MOE program and no points will be awarded. It is the responsibility of the breeder/owner/exhibitor to submit that information without special requests from NALF.

Credibility Requirement:
   To maintain a high degree of integrity and credibility in all Limousin shows, all owners and exhibitors are expected to adhere to all NALF rules and regulations regarding the exhibition of Limousin cattle and to adhere to rules and regulations of particular shows, fairs and exhibitions.

AWARDS & PREMIUMS

STANDARD OF EXCELLENCE (SOE) SHOW RULES

The purpose of the SOE program is to assist in identifying and recognizing outstanding sires and dams of the breed. This will be accomplished on the basis of show ring placing of their offspring. The SOE shows shall be the “picture window” events of the year for PAUS.

Only Full bloods and Purebreds will be allowed to show in SOE shows. Purebreds are stated as the following: 15/16 Piedmontese or higher for females and 31/32 or higher for males. All Purebreds shall have the color and characteristics of the Piedmontese breed to show in PAUS SOE Shows.

All animals must be registered with one of the Associations; if the animal is not registered, they can show with an affidavit.

An affidavit is only good for one show and for a breeder to receive an affidavit on an animal the following must be completed:

1. Cattle registration application must be paid for and in the PAUS office.
2. Hair must be received by Geneseek, Inc.

NOTE: No animal over a year of age will be issued an affidavit.

At SOE shows, other than the breed’s National Show, SOE points are credited to both the sire and dam of a calf in individual classes. The National Show points will be double the amounts shown below. Points will be awarded as follows:
1. Classes with 5 animals or more will be awarded points as follows: 1st place = 5 points; 2nd place = 4 points; 3rd place = 3 points; 4th place = 2 points; 5th place = 1 point. Classes with fewer than 5 animals receive points with the 1st place entry receiving points based on the total number of animals in the class and the last entry receiving 1 point.
2. Division Champions (Calf, Junior and Senior) receive 2 additional points.
3. Division Reserve Champions receive 1 additional point.
4. Grand Champions will receive 5 additional points.
5. Reserve Grand Champions will receive 3 additional points.
6. Sires and dams in the group classes with 5 entries or more will be awarded points as follows: 1st place = 5 points; 2nd place = 4 points; 3rd place = 3 points; 4th place = 2 points; and 5th place = 1 point. Classes with fewer than 5 entries will receive points with the 1st place entry receiving points based on the total number of entries in the class and the last entry receiving 1 point.

Sires that accumulate at least 100 SOE points based on show ring winnings of their calves at SOE shows qualify for GOLD TROPHY sire awards.

Dams must accumulate at least 35 SOE points to attain GOLD TROPHY dam status and her points must be earned by more than one individual offspring.

To qualify for SOE status, a show must have 20 entries with a minimum of 5 breeders exhibiting at the previous year.

They must maintain at least 20 entries with a minimum of 5 breeders showing to keep SOE status.

The National Show must have been a SOE show for 2 years, with the National Show having a minimum of 20 entries shown.

Official SOE point tabulations will be processed by the PAUS Show Committee Chair and verified by the PAUS office at the end of the show season. Specially designed awards for qualifying Gold Trophy sires and dams will be presented at the PAUS national meeting.

The Gold Trophy sire and dam distinction will be imprinted on their registration papers.

All animals must be halter broke and leadable to present in the show ring.

Any unauthorized animals in the show ring will result in disqualification of the owner and/or the exhibitor in that class.

The following classes will be offered at all SOE shows. No changes will be allowed or points will not be awarded. Birth dates for classes will be adjusted to fit the season of the show.

All Shorthorns and Polled Shorthorns are also subject to an age inspection if deemed necessary by the ASA and the decision of the examining veterinarian is final. Use of artificial fins on the show animals is not permitted.

**IMPORTANT:** Each of the following classes **MAY** be broken into multiple classes to accommodate large numbers of entries, but separate classes **may NOT** be combined into one.
