

ONE HUNDRED FIFTY THIRD
NEBRASKA STATE FAIR

August 26 – September 5, 2022

Grand Island, NE

HORTICULTURE

Join the Horticulture Department in celebrating "Nothing More Nebraskan" at the 2022 Nebraska State Fair.

Horticulture Exhibits

Horticulture exhibits are displayed along with other departments of Competitive Exhibits in the Fonner Park Concourse that is adjacent to the east side of the Heartland Event Center. The closest entrance to Horticulture is on the north end of the Concourse (north side of the Event Center).

When bringing your exhibits in after the Fair begins, enter Gate 7 located on the north side of the fairgrounds off Fonner Park Road. Drive between the midway and racetrack to get to the entrance on the north end of the Fonner Park Concourse. A cart will be available to transport your exhibits to the Horticulture area. After exhibits are entered, exit through Gate 7. If you wish to remain at the fair, you'll need to re-enter through the main gate off South Locust.

The most efficient way to enter your exhibits is online. Instructions on how to enter online are found on the web site, www.statefair.org. For directions on entering by mail or in-person go to the entry information section in this book. Need further help? Call Wilma Knipplemeyer, the Horticulture Superintendent at 402-729-2813 (h) or 402-239-3062 (m).

Regarding care of your perishable exhibits:

- Department personnel will care for the plants during the Fair if instructions are included with the plant on entry day. The Department staff will not be responsible for any plant that does not include care instructions on a card staked in the pot or basket. Include requirements for water. No fertilizer will be applied by any department employee.
- Exhibits will be removed when condition warrants.
- Items not claimed will be composted or given to charity.

Horticulture Department Rules:

It's the exhibitor's responsibility to be familiar with the [General Rules & Regulations](#) linked here which apply to all Nebraska State Fair open class domestic departments as well as the specific rules for each department.

Additional Rules Specific to the Horticulture Department:

- Competition is limited to Nebraska residents only.
- Plants entered for competition must have been in possession of exhibitor at least sixty (60) days prior to the Fair. Freshly potted plants will not be accepted. Cut flowers must have been grown by the exhibitor.
- All arrangements require Nebraska-grown plant materials, fresh and/or dried. A minimum amount of tinted or painted dry materials may be used. Accessories permitted in all design classes. "Flowers" fashioned from dried or treated, but recognizable plant material may be used in all designs. Artificial plant material may be used only in Division 5010.
- Divisions 5019 and 5027 are classes restricted for youth who are 16 years of age or younger by Jan 1. Youth, including 4-H members, may also enter any other divisions in the Horticulture Department.
- Exhibitors may enter up to three different items in the same class.
- Review receiving and judging schedule carefully. **ENTRY CHECK-IN MUST BE COMPLETE & IN PLACE BY 9 am THE DAY OF THE JUDGING!!!! Late Displays will not be judged.**
- Fruit exhibits must be correctly named as to variety, free of insect, disease, and mechanical damage. Fruits will be judged for maturity based on the variety in this area.
- Errors in naming entries will not disqualify the entry, but correct naming is a positive for the entry if the competition is close.
- Cut plant entries should be uniform as to length of stems and size of blooms. Pre-show preparation of cut plant material includes grooming and conditioning. Grooming means removal of all dirt, bugs, and over-mature foliage as neatly and inconspicuously as possible. Conditioning means allowing cut stems to stand in water for several hours before they are to be used in an exhibit. Foliage below the waterline should be removed.
- Entries in "Cut Flower" classes consist of ONE specimen, branch, or stem with flower, unless otherwise noted in class descriptions. A spray is defined as one stem, with 2 or more blooms, with or without side buds.
- Exhibitors must furnish presentable containers, with drainage trays, for all potted plants and hanging basket classes.
- All hanging plants must be ready to hang. Flowering varieties should be in flower.
- Management will furnish vases for cut plant materials. Alternatively, exhibitors may use their own containers provided they are clear glass with name on the bottom.
