They will be held in quarantine and treated at owner's expense or sent home. Diseased or injured animals may be removed from the grounds upon recommendation of attending veterinarian and release signed by the Department Superintendent and the Ag Director. **Additionally, all market lambs and goats must be shorn sufficiently short to allow inspection for club lamb fungus at any time of the fair.** Any decision by the State Fair inspectors is final.
25. **REMOVAL OF ANIMALS:** The Nebraska State Fair can remove any exhibit, animal or display that they deem unsuitable or objectionable, without furnishing reasons for the action. The decision of the show management is final and exhibitor has no recourse.
26. **ANIMAL WELFARE:** The Nebraska State Fair is committed to the humane treatment of all animals exhibited at the Fair. Every possible precaution is taken to ensure the animals' safety and well-being. The production practices in the livestock industry are based on good principles of animal husbandry. It is the responsibility of all exhibitors to provide proper care and treatment to animals. Abuse of animals in any form will not be tolerated. No electric prods will be allowed to be used on any animal at any time. Muzzles may be allowed for sheep or goats only for the safety and well-being of the animal. No spiked collars and or show halters with spikes in 4-H or FFA. Nebraska State Fair Management reserves the right to disqualify and remove any exhibitor deemed in violation of the basic principles of animal husbandry, with no recourse. Animal care procedures are outlined in our "Animal Welfare Policy".

27. **ANIMAL/EXHIBITOR DISQUALIFICATION:** To foster fair competition, to provide a level playing field and to protect the safety of food, the following will be prohibited: the showing of unethically fitted animals, animals in violation of rules on prohibited substances, and/or falsification of records. Additionally, any animal that has been administered a drug that is FDA approved for its species is subject to disqualification if that animal tests positive for that drug upon arrival at the Nebraska State Fair. All animals must remain free and clear of all drug and chemical residues while on the grounds.

a. **Unethical Fitting:**

i. **Description:** Unethical fitting means any attempt to alter the natural appearance, conformation, musculature or weight of an animal by any unnatural means, as well as changing the normal conformation of any part of an animal's body or using drugs, medications, chemicals, or other substances (including over the counter and extra-label substances and uses), or mechanical devices to alter the physical makeup or performance of the animal. Unethical fitting includes, but is not limited to the following:

1. Treating or massaging any part of the animal's body, internally or externally, with an irritant, counterirritant or other substance to temporarily improve conformation. This includes the application of any substance per rectum.
2. Balancing the udder by any other means than natural milk left in any or all quarters.
3. Blocking the nerves to prevent limping or switching of the tail.
4. Bruising or blemishes to the animal, especially those that negatively impact food safety or marketability of an animal's carcass.
5. Surgery or other practices performed to change the natural contour or appearance of an animal's body, hide, hair or feet (this includes materials added to the feet of an animal) except the removal of warts or horns and the permitted clipping of hair and trimming of hooves.
6. Insertion of foreign material under the skin, whether gas, solid or liquid.
7. Changing the color of hair, spot or area on the animal's body.
8. The act of artificially filling animals internally, which would include stomach pumping, drench tubes or any other method per esophagus.
9. The use of diuretics.
10. Administration of an illegal, unapproved or performance enhancing drug internally or externally.

ii. **Verification:** All 4-H and FFA livestock exhibitors must submit a signed ethics affidavit and statement of disclosure to the show superintendent for each species they are exhibiting at the time of check in. This form shall serve as an acknowledgement of having read the fair/premium book and a willingness to abide by it. By submitting and signing the Nebraska State Fair 4-H/FFA Livestock Ethics Form and Statement of Disclosure, the exhibitor and parent/guardian certify that the entry has not been administered or that the exhibitor and/or parent/guardian do not have knowledge that this entry has received any substance not approved by the Food and Drug Administration (FDA) and/or the U. S. Department of Agriculture (USDA) for food animals. Furthermore, by signing these forms, the exhibitor and parent/guardian certify that this entry is free and clear of drug and chemical residue that exceeds allowable limits set by the Food and Drug Administration (FDA) and/or the U.S. Department of Agriculture (USDA) for class and species of animals. If an exhibitor discloses use of a substance that does not meet the withdrawal time per the determination of the State Fair Veterinarian, then that animal is subject to disqualification.

- iii. **Approved Medication Prior to the Show:** In instances where an animal has been administered a drug that is FDA-approved for its species, the exhibitor must be aware that the time it takes for all drug residue to completely clear the system is **generally longer than labeled withdrawal time** for most drugs and varies from animal to animal. Adequate time must have passed so that an exhibitor's animal is outside the withdrawal time of the medication. Once the animals arrive on grounds, they must remain free and clear of all residues of medications, drugs, chemicals and other substances. It will be considered a violation if a test result indicates the presence of an approved drug, additive or contaminant that exceeds a residue limit (tolerance) set by the FDA and applied by the FSIS.
- iv. **Unapproved Medication:** Those animals that have consumed or been given, even under the care of a licensed veterinarian, any type of unapproved drug, chemical or medication are prohibited from showing. Such drugs include, but are not limited to any diuretic, unapproved growth stimulant, steroids, caffeine, and other unapproved medication. Unapproved means not approved by the Food and Drug Administration and/or US Department of Agriculture for animals. It is the responsibility of the exhibitor to be aware that federal law prohibits the use of certain drugs, families of drugs, and substances for extra label use. It will be an increased penalty if a market animal tests positive for any of these prohibited drugs or drug families.
- v. **Medication during the Show:** The Nebraska State Fair Veterinarian Office is located on the east side of the Sheep Barn. For the convenience of our exhibitors, the Nebraska State Fair arranges to have veterinarians available; however, they do not donate their services or medications. Fees should be discussed before treatment. Additionally, it is the responsibility of the exhibitor to communicate if the animal is eligible for further competition. **All medication and treatment administered during the livestock show must be administered by the official Nebraska State Fair Veterinarian** and a written medication record filed. Animals which are administered treatments with a withdrawal period beyond the time of show will be disqualified from 4-H or FFA competition. Furthermore, the official Nebraska State Fair Veterinarian, in agreement with show management, reserves the right to treat any animal, if in the opinion of the Nebraska State Fair Veterinarian, it is in the best interest of the animal's health and well-being to be treated.
- vi. **Beta-Agonists:** The Nebraska State Fair will not tolerate the presence of ractopamine hydrochloride (re Optaflexx, Paylean) in market entries other than market beef or market swine, respectively. The Nebraska State Fair will not tolerate the presence of any other beta-agonist.
- vii. **Inspection/Testing:**
 - 1. Each exhibitor, by entering or exhibiting an animal at the Nebraska State Fair, agrees that any animal entered by him or her may be subjected to inspection or examination by any veterinarian appointed by the Nebraska State Fair. The Nebraska State Fair may subject any animal to tests, sample-takings, or inspections the at the Nebraska State Fair deems necessary and appropriate, including but not limited to testing for drugs or other substances at any time. The Nebraska State Fair reserves the right to conduct or have conducted for all its tests, inspections, or analyses it deems appropriate, including blood, urine, hair, fiber, tissue, milk, saliva and/or fecal. Any samples taken for testing become property of the Nebraska State Fair. Positive test results may be made public. The Nebraska State Fair may impound any

animal for testing. Refusing such tests shall be cause for disqualification.

- a. All 4-H and FFA Grand and Reserve Grand Champion Market Beef, Market Lamb, Market Swine & Market Swine animals will be tested under the terms of the Nebraska State Fair Market Animal Drug Testing Policies and Procedures immediately following the final selection of that species. During the collection procedure, the exhibitor and a designated responsible adult must be always present, unless a substitute exhibitor is approved by the Superintendent. Following the collection, the exhibitor and a parent/guardian MUST complete and sign the Nebraska State Fair Drug Use Notification and Test Sample Collection form.
 - b. All other market animals will be subject to random testing. Random tested animals will not be harvested but will be subject to all sanctions including but not limited to disqualification, forfeiture of monies, and may be banned from future participation at the Nebraska State Fair.
2. The animal owner, exhibitor, fitter and associated participants bear absolute responsibility for an animal's condition, whether he or she was actually instrumental or had actual knowledge of the administration of drugs or medication or treatment of the animals.
- viii. **Wholesome Meat Act:** The United States Department of Agriculture Wholesome Meat Act applies to ALL market livestock exhibited at the Nebraska State Fair.
1. Animals must be in good health and carcasses free of drug or chemical residues.
 2. Antibiotics and sulfonamides have required withdrawal periods.
 3. Drug label directions for use and withdrawal periods must be followed. Please note that elimination time (the time it takes for no drug residue to be found in the system) is generally longer than the labeled withdrawal period for most approved drugs.
 4. If drug or other chemical residues are found in tissue of carcasses, the entire carcass may be condemned.
 5. **The Nebraska State Fair Board shall not be liable or responsible for the condition of the carcass or the sale price of the animal.**
 6. Wholesome Assurance Statement:
 - a. The use by non-veterinarians* of any animal drugs or other substances in any manner other than in accord with labeling approved by FDA is a violation of federal law. * Note: Abuse of the extra label privilege by veterinarians is unethical and is subject to serious consequences such as license revocation.
 - b. Any food animal must not exceed FDA/EPA/USDA established tolerances for any foreign substance including drugs, pesticides, feed additives, or other chemicals.
 - c. Violative results of residue testing are subject to investigation by USDA and FDA for prosecution.
 - d. Any misrepresentation of a food animal that can potentially affect the acceptability of the carcass or milk will be considered fraud.
- b. **DNA:** The Nebraska State Fair may test any 4-H or FFA market animal DNA sample collected at the Nebraska State Fair against the DNA submitted by the exhibitor as part of the 4-H/FFA state fair animal nomination process. It is a violation if a DNA

sample collected at the Nebraska State Fair does not match the DNA sample submitted by the exhibitor as part of the animal nomination process.

- c. **Falsification of Records:** It is a violation to falsify or alter official entries, records or registration on animals, including age.
 - d. **Unmanageable Animals:** The Nebraska State Fair may disqualify an animal deemed unmanageable.
 - e. **Unsportsmanlike Conduct:** It is a violation for an owner, exhibitor, fitter, and associated participant to act in any way that is outright discourteous or disrespectful to other exhibitors, judges, fair personnel or fair visitors, or to deliberately place or cause to be placed any animals or other person in a potentially harmful or disadvantageous position.
 - f. **Non-adherence to the Rules:** Any person found guilty of misrepresentation or not abiding by the Nebraska State Fair rules will be disqualified and denied the privilege of showing at the Nebraska State Fair.
 - g. **Consequences:** Exhibitor compliance with all applicable rules and regulations is essential to the integrity of the State Fair and its shows, programs and exhibitions. Violation of any applicable rule or regulation may result in exhibitor sanctions. Sanctions may include, but not be limited to disqualification of animal, withholding of premium money, withholding of payment for animal carcass, required payment of carcass disposal fees, return of all trophies and non-monetary awards, forfeiture of all titles, and potential exclusion from future participation in the Nebraska State Fair. These sanctions will be determined by the Nebraska State Fair Board Agriculture Committee. In classes where presence of the 4-H'er is required for judging purposes, such as animal exhibits and judging contests, a 4-H member must be 8 years of age before January 1 of the current year. The last year of eligibility is the calendar year in which the member becomes 19 years of age.
 - ii. **FFA** — Only bona fide Nebraska FFA members that have paid dues shall be eligible for FFA Division entries. The age eligibility requirements set by the Nebraska FFA Association will be followed. Those can be found at https://neaged.org/ffa_events/ffa-state-fair/. There will be no discrimination because of race, color, sex, religion, or national origin.

 - i. Qualified animals for a 4-H or FFA class at the State Fair must be registered purebred or non-registered commercial breeding animals, market beef, feeder calves, market lambs, market goats, market swine and those exotic breeds of breeding beef where the respective associations issue certified papers.

The registration paper or certificate must indicate one of the following (1) the name of the exhibitor (2) the name of the exhibitor and/or a co-owner who is an immediate member of the exhibitor's family (members of a household, including parents, brothers and sisters, and youth in care of the head of the household) or **FFA Only** (3) the family or ranch name or parent's name. Copies of the registration paper or certificate must be submitted with State Fair entries; original registration papers or

This includes animals offered for sale in other events at the Nebraska State Fair, when the event is prior to the FFA and 4-H event the animal is entered in. A project animal that has been through a “premium only” auction is eligible to be exhibited at the Nebraska State Fair, provided it and its exhibitor meet all other ownership and eligibility requirements. A “premium only” auction is defined as an event in which change of ownership is never the intent; but the intent is only to provide a monetary premium to accompany the ribbon earned by the exhibit.
- d. **4-H/FFA EXHIBITS:** Exhibitors must submit proper nomination material by June 15th. For purposes of exhibition, an animal can be nominated for the state fair in both organizations but only shown in one organization or the other, not both at the State Fair. All animals must be nominated online in Show Stock Manager by June 15.

An exhibitor who has more than one animal in a class need not secure approval for another FFA or 4-H member, eligible to exhibit livestock, to show the additional animal in the class. A substitute exhibitor for an FFA animal can only be another FFA exhibitor at the current State Fair, and a substitute exhibitor for a 4-H animal can only be another 4-H exhibitor at the current State Fair. All substitute showmen should wear an exhibitor number identifying him/her as a substitute showman (available in the Livestock Office and/or from species superintendent).

Program attendance or completion of a test in the county extension office is required. Completion of training will be certified by an FFA advisor or county extension staff.
- i. **GROOMING OF LIVESTOCK:** Preparation and grooming of an animal should be the primary responsibility of the State Fair exhibitor; however, assistance may be provided by other State Fair 4-H or FFA exhibitors, immediate family members or another person acting in a mentoring and teaching capacity. The intent of this policy is to promote and foster positive youth development and a high-quality learning experience which are core values of 4-H and FFA.

Alcohol, water, oil, foam or any water or alcohol-based products with no adhesives or glue qualities, or artificial colorings are permitted. Any animal found to have prohibited products applied (adhesive, glue, paint, or powder products) will be disqualified from competition. Any premiums (physical or monetary) will be forfeited, and no refunds will be made.

All animals will be subject to visual inspection and/or toweling for the presence of adhesive, glue, paint, or powder products. A toweling inspection will be incorporated for all 1st and 2nd place class winners (showmanship, breeding, market). The 3rd place class winner may be requested back if the 1st or 2nd place class winner does not pass inspection. All animals entering the Final Drive will be subject to a toweling inspection before entering the show ring. Toweling of the animal may include but is not limited to the topline, legs, chest, belly, flank, and cod/udder areas. If, after inspection, the animal is found to have adhesive, glue, paint, or powder products applied it will be disqualified from competition. Any premiums (physical or monetary) will be forfeited, and no refunds will be made.
