

2025 Shipping Options

Competitive Exhibits can be shipped to and from the fair either by Federal Express (FedEx), United Parcel Service (UPS) or by mail: United States Postal Service (USPS).

You do not have to use the same delivery and return methods but be sure to note what your plans are when you enter your exhibits. If your return plans change, during fair dates, let the superintendent know.

Regardless of the shipping option you choose, the exhibits must be entered by the department entry deadline and received by the department receiving deadline.

You are responsible for a PREPAID RETURN LABEL for shipment costs whether it is by USPS or a delivery service.
