

MARATHON RELAY INFORMATION

Four runners. One team. 26.2 miles of State Fair fun.

PACKET PICKUP

Your team's packet will be available at the packet pick-up location on the day before the race and at the Fairgrounds the day of the race. Only the captain or one team representative needs to attend packet pick-up. If you can't make Friday packet pick-up, be sure to allow your team enough time before the start of the race to pick it up. Please note that race-day packet pick-up is not at the starting line - it will be located at the packet pick-up area near the main entrance of the Fairgrounds.

RELAY RULES

Running Order

Team members will run in a fixed order. Please see the Race Breakdown table at the end of these directions.

Official Race Bibs & Timing Tag

Each team will be assigned four bibs with the same bib number. You must wear these on the front of you and outermost layer of clothing. Your team will be issued an Ankle Velcro Timing Tag. This tag will be worn by Runner #1 and passed to each runner at each exchange point.

Runner Substitutions or Additions

Team Captains and new runners will need to report to packet pick-up to fill out appropriate forms and waivers.

Injuries & Substitutions

If for medical reason or an injury a runner cannot complete a section and the team decides to continue with the relay, another runner may take over. The substitute will finish the remaining section for the injured runner. For mixed division teams, substitute runners must be the same gender as the injured runner. Stages may not be shared. Only one runner is allowed per Stage unless an injury occurs on that Stage.

Timing Tag Exchange

At each exchange zone, the finishing runner will remove their ankle timing tag and pass to their next runner. The next runner must put this timing tag on their ankle. Failure to do so will result in disqualification.

Traffic Laws

Unless a police officer instructs you differently, you need to obey all pedestrian traffic laws.

Team Finish Rule

Within the final stage of the relay is the "Team Finish" where teammates can meet their final runner to cross the finish line as a team. This will be located at the intersection of Dodge and Vine Street. Teams may elect to finish the race as a team or they may choose to skip the Team Finish and allow their final runner to cross the finish line alone. Either way, final team finish times will be determined by the final leg runner crossing the finish line with the timing tag.

Disqualifications

The State Fair Marathon Relay reserves the right to reject any entry and to disqualify and bar any individual or team from the race. This rejection/disqualification may be based on, but is not limited to, competing with an unofficial number, competing with an official number assigned to another competitor without completing the proper forms, crossing the finish line without having completed the entire course, or providing false information on race entry forms.

GETTING TO/FROM EXCHANGE ZONES

Driving Directions

Team vehicles must follow the driving directions provided in the Race Day Guide. Directions have been designed to eliminate vehicle contact with runners and to provide the quickest route to the next Exchange Point. If a vehicle gets lost or takes a wrong turn and does not reach the next Exchange Point in time, the time is lost and will not be awarded back. Vehicles are not allowed to follow the Runner's Path if it differs from the Driver's Path unless in an emergency.

Start of the Race

For the start of the race it is highly recommended that relay vehicles park in the parking lot across from the State Fairgrounds in the strip mall where the Pizza Hut (1508 South Locust Street) is located. The continued success of the State Fair Marathon Relay depends on the relationships we build with local residents and businesses in the community. We want residents to be proud that the race course travels through their community and continue to support this event. Please do not park or otherwise trespass on private property. Do not block driveways or access to businesses. Please do not flash bright lights, play loud music or honk your horn unnecessarily in the morning hours.
